

THE FISHER FAMILY

Hi, my name is Jackie Fisher, and I have lived in Delaware now for forty-three years. I have three children, Liyah, 14, Jahniyah, 8, and Tyair, 6. As a family we spend time together playing games, going to the mall and beach, and watching movies. We live in public housing. Habitat is providing us a helping hand and a blessing. Habitat will change our lives by making my dream of becoming a homeowner come true and making life easier for me and my kids.
