

THE HARRISON FAMILY

Hi, my name is Danielle Harrison, and I grew up in Frederica. I am a single parent of three children: Jaimere 13, Tyrone 9, and Brooklyn 8 months. As a family we like to watch movies, go to the park, and play sports. We live in a decent neighborhood; however, my rent and utility costs are high. This has been a burden for me and has made it difficult to purchase a house with a conventional mortgage. When I learned about the Habitat mission, I believed in my heart that this would be the perfect opportunity for my family and me. With much thought, I applied and was excited to find out that I was approved! What a dream come true and an unexpected gift from God. Thank you Habitat for providing a safe, decent, and affordable home for my family and me.
