

# THE TOWNSEND & BOYD FAMILY

Hi, my name is Donna Townsend. I have lived in Delaware for eight years now. We are a family of three, myself (the grandmother), my daughter Joy, and my granddaughter who is ten years old. We like to do arts and crafts projects together. We also enjoy watching movies. The rent that we are paying now is far too high for our budget. The mortgage that Habitat will help us obtain will be far less than what we pay in rent; this will help to improve our finances. Because of our strong faith and our belief that it is important to help each other, we are blessed through Hbitat to get better housing. We can help other families in some way to reach their goals.
