

THE KITA FAMILY

Hi, my name is Cheryl Kita. I have lived in Delaware for 23 years now. I am married to Guess Kita who is living in Congo. We are going through the immigration process to unite our family. We have three children: Destiny Webb (13), Alijah Webb (12), and Angalena Carter (6). As a family we like to play board games, watch movies, and go camping. Since my oldest was born we have moved nine times. Not having a stable living environment has been stressful on all of us. My children deserve to have the same opportunities that other kids are able to have. Over the years, I have seen Habitat provide so many blessings to our community. I think it's a wonderful organization that really puts the people it serves at the heart of its mission.
