Energize Delaware

In-Home Energy Check-Up and Counseling

An In-Home Energy Check-Up is a fast, easy way to increase the energy efficiency of your home and help you start saving immediately. An Energy Advisor will come to your home and check the condition of its insulation, heating and air-cooling system, lighting, appliances and more to identify simple ways to help save energy and money.

To Schedule:

HELP Initiative

Lights-ON, Heat-ON, Weatherization-ON

The mission of the HELP Initiative is to improve the quality of life, health, safety and economic prospects of Delaware's low-income communities and populations through:

- Home energy consumption evaluation, measurement and recommendations at no cost to low-income residents
- Coordination and implementation of higher-efficiency home lighting, heating and weatherization programs
- Population education to better understand the reasons behind high energy usage and how behavioral traits contribute to energy usage and energy bills
- Identification of in-home hazards that may impact the health and safety of residents
- Increased access to youth vocational training programs and job opportunities
- Reduced dependence on social-service-based programs
